The absolute summer beer options - Enjoy a refreshing beer at Garden City liquors!

The Covid-19 situation has changed our lives into a new normal where we are restricted in our homes. What cannot be changed is the love of a refreshing, cold beer on a heated summer day. Wondering what to relish on your patio in this scorching summer for a refreshment? Our [liquor shop in Campbell](#) is an expert in suggesting you a list of some of the most favored summer beer styles. They are mild, refreshing and the best to accompany you in the hot summer. Let's look into some of them.

Pilsner

Once in a lifetime, everyone must have enjoyed a full glass of Pilsner. People favor the clean, crisp, clean and beautiful golden color of the beer. They were produced in the middle 1800s and have gotten their name from the Czech city of Pilsen. The process of creating it is through cold-fermentation using bottom-fermenting yeasts. They are a mood changer for the summers.

Pale Ale

One of the most popular beer styles with a malty flavor is Pale Ale. The color ranges from golden to amber color with moderate strength. This beer is full of flavors and at the same time, it is not heavy. Thus, it becomes very approachable for summers.

Lagers

People all over the world drink Lagers on special occasions and on casual meetings. The technique used to create this beer is bottom-fermentation that gives a crisp and refreshing taste. This style of beer includes different types to enjoy during summers.

Belgian

Belgian beer styles are multiple in numbers and diversity. Belgian beers sway beer lovers with their light body, low bitterness, and yeasty taste that often includes fruity notes perfect for the summers.
